

ALL GERMAN ASSAULTS ARE REPULSED

INES OF ALLIED FORCES REMAIN UNCHANGED

Powerful Attacks By Teutonic Forces Fail to Gain Any Ground Against British, Belgian and French, and Result in Heavy Losses to Enemy—Fighting of Great Severity On Whole Front.

LONDON, April 29.—Powerful attacks by the Germans against the French and British positions between Meten and Zillebeke today were repulsed, the Germans losing heavily, according to the report from Field Marshal Haig tonight. The British line held absolutely but at various points the Germans gained a foothold in the French positions only to be driven out later from the greater part of this territory. The Belgians also repulsed heavy attacks inflicting severe casualties on the enemy.

The statement says: "Following a bombardment of great intensity the French and British positions from the neighborhood of Meten to Zillebeke were violently attacked this morning by large hostile forces. Attacks were made also upon Belgian positions north of Ypres and fighting of great severity developed rapidly on the whole allied front."

"The 25th, 49th and 21st British divisions completely repulsed every attempt made by the enemy to enter their positions and despite a constant succession of determined attacks in great strength maintained their line. The enemy's losses have been very heavy."

"The French positions on the hills about Scherpenberg and Mont Rougeux were heavily attacked and the enemy was repulsed. At points where the enemy's infantry succeeded in penetrating a short distance into the French positions they were immediately driven out by counter-attacks from the greater part of the ground which they had temporarily gained possession. On the Belgian front the German attacks were also repulsed after sharp fighting in which severe casualties were inflicted on the enemy."

"The fighting still continues at certain points along the allied battle fronts."

"On the remainder of the British front there is nothing to report but the usual artillery activity on both sides. The weather prevented air operations Sunday."

AMERICAN AND FRENCH HEROES IN NEW YORK

"Blue Devils" and Pershing's Veterans Thrill Metropolis

(By Associated Press) NEW YORK, April 29.—One hundred and five heroes of the French army, members of the famous Chasseurs Alpins Corps, nicknamed "Blue Devils," who arrived here today and the fifty veterans of General Pershing's army who came here yesterday from overseas gave New Yorkers a series of thrills today.

Patriotic fervor reached a high stage when Pershing's soldiers, many of them wearing the French war cross awarded for bravery, marched up Broadway from the battery to the city hall, where they were formally received by Mayor Hylan. After the ceremony they scattered throughout the city to aid in the liberty bond campaign. The arrival of the Frenchmen was entirely unexpected. They also came to help the liberty loan campaign. Although there had been no formal announcement of a parade by the Americans a great throng had lined lower Broadway when the march began. Led by a detachment from the New York state guard, the veterans, many of them mere youths swung up the crowded thoroughfare with light step, notwithstanding the heavy weight of their full equipment, wearing their steel trench hats.

Spectators went wild with enthusiasm as the men, erect in form, filed by. Their happy rugged faces reflected appreciation of the extraordinary welcome. Dignified business men and financiers thronged the sidewalks in the air and danced in almost boyish glee, while several women broke through the police cordon to kiss the marchers. The cheering all along the route was deafening and the flag and handkerchief waving lent a kaleidoscopic effect to the scene.

Arrived at the city hall Mayor Hylan addressed the soldiers from the balcony, saying in part: "I welcome you in the name of your proud countrymen. I welcome you in the name of the men, women and children of city and I wish to say to you that we are proud of you and of the manner in which you have conducted yourselves while on foreign soil." The city was just recovering from this outburst of enthusiasm when the visiting Frenchmen, heroes all and named "Blue Devils" by the Germans because of the color of their uniforms and their fighting qualities, appeared at Liberty Loan Headquarters on Lower Broadway after having travelled through Fifth Avenue and several downtown streets in auto buses. The steamship pier, their reception was only preceded by that accorded Pershing's veterans.

GOVERNMENT WAR FINANCE CORPORATION

WASHINGTON, April 29.—The first step in the organization of the \$500,000,000 government war finance corporation the biggest institution of the kind ever created was taken today when President Wilson nominated four directors who with Secretary McAdoo will conduct the work of aiding in financial essential war enterprises. As soon as the directors are confirmed by the senate, they will establish the corporation on a non-operating basis and indications are that it will be ready to make loans within two or three weeks. A number of informal applications for advances already are on file.

At the same time the president nominated seven members of the new capital issues committee which will replace the federal reserve board's capital issues committee in exercising a voluntary regulation of securities issues of more than \$100,000.

BUY THRIFT STAMPS

from the greater part of these they were driven out by the French who re-established their defenses.

Front attacks on Ypres would seem to indicate there is little confidence in the German general staff that the Ypres positions can be outflanked from the south. The lines as they stand today are very strong and witnessed the onset of the Germans in 1914 when the teuton emperor's army was a much different machine than it is today. The bloody repulse of the Germans in the trench warfare of 1914 will mean much in further operations in that sector of the battle line.

While the struggle was going on before Ypres, the British positions from LaBasse to Houtholst wood and from Lens to Vimy were deluged with shells but so far there has been no infantry fighting reported from that part of the front. An attack on this salient in the German lines is expected soon, however, for it stands as a constant menace to a further advance of the enemy.

Along the front in the Somme sector, part of which is being held by Americans there has been little fighting. Further south there have been only patrol encounters. Germany has presented a virtual ultimatum to Russia demanding that able-bodied German prisoners of war be sent home at once, proposing in return that only sick and incapacitated Russians held in German prison camps shall be turned over in exchange. If the Russian government does not bow to the demand, Germany has threatened to take Petrograd. A committee of one hundred and fifteen Germans has been appointed to go to the Russian capital to present the demand.

A British ship carrying Y. M. C. A. camp workers has been torpedoed, but all the passengers and all of the crew except three men were landed safely.

GERMANY MUST PAY FOR KEEP OF ALIEN ENEMIES

Families of Interned Men Also to be Supported by Teutons

(By Associated Press) WASHINGTON, April 29.—The keeping of enemy aliens interned by the United States must be paid by the Swiss and Swedish legations for the German government, the state department announced today. Lawabiding enemy aliens who become objects of charity will be cared for by a national committee to be formed to raise subscriptions.

The families of interned enemy aliens are to be supported by the German government thru the Swiss and the Swedish legations, the department's announcement said.

Secretary Lansing made this statement:

"In the interest of safety and welfare of this country it has been found necessary from time to time to restrict movements and fields of employment of enemy aliens. In some cases these restrictions have worked hardships on enemy aliens who in all respects have shown themselves friendly to the United States but who owing to the accident of birth and war conditions have been unable to change their status as such an have of necessity become objects of charity."

Likewise the families of those enemy aliens whom the government deems it advisable to intern are often deprived of their means of livelihood and they also have become dependent on the charity of others.

"The legation of Switzerland and the legation of Sweden in charge of German and Austrian aliens in the United States have with the approval and co-operation of this government undertaken to systematize and supervise all relief that may be given to meet enemy aliens, wherever and however situated thruout the country. In case of interned enemy aliens and their families the legations have agreed to supply all relief from their own funds limiting such relief to what is found to be essential."

"The case 'lawabiding enemy aliens has presented a more complex problem. This it is proposed to meet by the formation of a national committee composed of American citizens which in co-operation with the legations of Switzerland and Sweden and the consuls under their jurisdiction will investigate all cases of distress among this class and will control the collection and distribution of all funds that may be subscribed for the people their relief. It will of course have local committees working under it whenever the need of such committees is felt and will render accounts of its activities to the proper authorities."

"There is no obligation in existing treaties for such treatment of enemy aliens as is proposed. In Germany and Austria many such have been detained and most of them are largely dependent for support on the food supplies sent thru the Red Cross or other organizations. The activities of the legations will not extend in anyway to the comparatively few prisoners of war in this country. In the Hague treaties provide that the cost of their maintenance shall be assessed against the enemy countries upon the conclusion of peace."

AMERICAN ARMY

"Y" WORKERS SAFE

LONDON, April 29.—The fifty seven American army Y. M. C. A. workers under Arthur E. Hungerford who arrived in London last night after the ship on which they sailed was sunk by a torpedo yesterday morning were met on their arrival in London by a delegation from the American Red Cross here and were taken to the Kingsley hotel, where fifty-seven complete outfits of clothing and an ample dinner awaited them. The only casualties were three of the crew lost.

Philip Cook, of Baltimore, sent a cable message to his wife saying: "See Acts, Chapter 27, verses 41 to 44."

(This is the passage describing the ship wreckage of the Apostle Paul ending with the sentence: "And so it came to pass that they escaped all safe to land.")

AMERICAN SOLDIERS DEFEND ROAD TO PARIS

SENATE PASSES OVERMAN BILL UNAMENDED

Vote on Administration War Measure is 63 to 13

(By Associated Press)

WASHINGTON, April 29.—Defeating all amendments designed to limit the president's authority the senate late today passed the Overman bill with its general grant of power for the executive to co-ordinate and re-organize government departments and other agencies during the war.

An amendment by Senator Cummins of Iowa, Republican, to prevent the president from interfering with jurisdiction of the interstate commerce commission over rates and physical valuation of railroads, was defeated 43 to 31.

The vote on the measure which now goes to the house was 63 to 13, many senators who opposed the administration in the long fight over proposed amendments joining the majority when the test came on final passage.

Only one Democrat, Senator Reed of Missouri, voted against the bill. Republicans who voted against it were Brandegee, Cummins, Ellingham, France, Gallinger, Harding, Johnson of California, Knox, Poindexter, Sherman, Sterling and Sutherland.

Those voting for the bill were: Democrats.

Ashurst, Bankhead, Beckham, Chamberlain, Culberson, Fletcher, Gerry, Guion, Hardwick, Henderson, Jones of New Mexico, King, Kirby, Lewis, McKellar, Martin, Myers, Nugent, Overman, Phelan, Pittman, Pomeroy, Saulsbury, Shafroth, Sheppard, Shields, Simmons, Smith of Arizona, Smith of Georgia, Smith of Maryland, Smith of South Carolina, Swanson, Thomas, Thompson, Tillman, Trammell Underwood, Vardaman, Walsh, Williams and Wolcott—41.

Republicans.

Baird, Borah, Colt, Curtis, Fall, Frelinghuysen, Hale, Jones of Washington, Kellogg, Lenroot, McCumber, McLean, McNary, Nelson, New, Norris, Page, Smoot, Townsend, Warren, Watson and Weeks—22.

FOURTH MAN OFFERED SENATORSHIP ACCEPTS

ST. LOUIS, April 29.—X. P. Wilfley, member of the St. Louis board of election commissioners and prominent Democrat of Missouri tonight was tendered the United States senate vacated recently by the death of Senator W. J. Stone. Wilfley announced he would accept the appointment and left for Jefferson City to confer with the governor.

Wilfley is the fourth man to be offered the senatorship by the governor. Francis was first offered the place but Secretary of State Lansing said Francis was needed in Russia and he hoped he would not accept. Champ Clark, speaker of the house of representatives next was tendered the appointment but declined. Chief Justice W. W. Graves of the Missouri supreme court also declined the appointment.

Wilfley is 47 years old and a lawyer. He taught school at Sedalia and other cities in Missouri before being admitted to the bar in 1898. He has since practiced law in St. Louis.

Take Up Positions On the French Battle Front in Picardy, East of Amiens—

Most Active Sector

Sammies Have Faced—Enter Line Under Intense Firing—

Americans are Confident of Success.

(By Associated Press)

WITH THE AMERICAN ARMY IN NORTHERN FRANCE, Sunday, April 28.—(By The Associated Press.)—American troops have taken up positions on the French battle front. Under the French high command in which all ranks have supreme confidence, the American forces face the enemy on the line barring the Germans from Paris and Amiens where they have been a certain number of encounters.

Announcements that American troops had entered the Allied line in Picardy east of Amiens was made by the Paris war office last Wednesday night. The Germans that day attacked the British, French and Americans along a lengthy front from north of the Somme to below Castel. Particularly stubborn fighting occurred around Hangard from which the French were driven, but part of which they regained Friday.

The Americans on entering the line found their position in a rolling terrain. The artillery was the first one on the line, entering on a dark night which was made red by continuous flashes of friendly and hostile guns. Under a fire which in some cases was rather heavy, the American gunners took up the positions of the French batteries and completed the work of digging in.

When the infantry moved in, the firing was just as intense. In some places our troops after passing through several villages were raked now and then with shrapnel. In several instances they found the trenches shallow while in other cases there were no trenches at all. By 3 1/2 hours the positions have been improved greatly and the shell holes corrected.

The American lines generally are about 200 to 300 yards apart and the high ground is about equally divided. What the future holds for the American forces, is of course unknown, but the Americans are confident that under the efficient French direction, although the tasks ahead may be difficult, will give a good account of themselves and strike the blow if opportunity offers.

It should be understood that this sector is not especially active in comparison with others to the north, although it is more active than the American positions previously faced. The artillery firing is heavy and interlarded, the German shells whizzing over the lines into towns in certain areas.

There has not been a raid on either side of the line for several days, but at night the patrols are active, Americans approaching close to the enemy's lines, and the nights, the wild machine gun and rifle fire indicates where the American bullets are keeping out enemy patrolling parties.

The march from the billet base to the line was very impressive. Many units started off with the strains of The Star Spangled Banner, played by regimental bands, in their ears.

At one place, the line must have reached the German lines, so close was the band, the gas flashes being reflected on the instruments. The constant roar of artillery was deafening as it on parade, disappeared down the road's last the American batteries which were sending many shells into the enemy's lines.

FINAL ORDERS ARE GIVEN TO SOLDIERS

Morgan County Men Reported at Headquarters of Exemption Board Monday Afternoon—Board Receives Several Rulings on Appeals.

The soldiers who left on the early morning train for Camp Grant and those who are to leave on the 8:30 Wabash train this morning, for Camp Dix, Wrightstown, N. J., reported at the office of the local board Monday afternoon, to secure their final papers and to receive some additional instruction. P. Pyle is the orderly in charge of the colored men and Frank Robinson is the chief orderly for the troops going to Camp Dix. His first assistant is Picken Brewer and the other orderlies are H. H. Barnes, Kenneth Schaaf, Charles William Abner R. Jackson and Harold J. Wright.

During the day the board received papers of two men who have been transferred. Henry I. Arnold will receive his papers from the board at Flint, Mich., and Lee Biggs from the board at Middletown, Ohio. Both men will join the troops from this county at Camp Dix. All of the men will leave today except Van Alvin Stice of Sinclair precinct, who has been sick for a number of days. However, he is expected to leave for camp later in the week, as his physician has indicated that in all probability he will be able to go by that time.

Two men will leave this afternoon for Camp Taylor on transport from another board. They are Allen Wright and Ralph Looker, both transferred here by the local board at South Bend, Ind. Reports were received yesterday from the district board on several cases. In the case of Clem C. Haxton, the industrial claim was not allowed. He however, remains in class 4 A, where he was placed by the local board on the ground of dependency.

In the case of Wilbur Whitney and Howard Stout the men were denied industrial claim but remain in class 4-A because of dependency.

Striking differences were found in the three states, both in the proportion receiving compensation and in the amounts received. In Connecticut 91 per cent and in Ohio 97 per cent of the families of married men studied had received compensation; in the liability states only 42 per cent had received payments of some kind. For families of married decedents receiving compensation the average amount awarded was 2,269 in Connecticut and \$3,098 in Ohio, while the average amount paid to families who received anything at all in Pennsylvania was \$636 or less than one-third of the average compensation received in Connecticut and less than one-fourth of that received in Ohio.

The proportion of the widows who took up painful pursuits as a result of their husband's death was as follows: Connecticut, 18.9 per cent; Ohio, 28.2 per cent; and Pennsylvania 31.4 per cent. The comparatively high percentage in Ohio is explained first on the ground that as compared with Pennsylvania a considerably larger proportion of the widows had no young children and secondly, to a much larger extent than in Pennsylvania they confined themselves to taking roomers and boarders. In many cases the Ohio widow obtained a partial commutation of the award and had used it to build up a business by which to support herself when the compensation ceased; nothing of this kind was met with in Pennsylvania.

For the three states the percentage of families receiving aid from public authorities or organized societies was as follows: Connecticut, 1.9 per cent; Ohio, 1.5 per cent; and Pennsylvania, 23.4 per cent.

The important differences between workmen's compensation and employers' liability systems may be summed up by saying that in the compensation states the families of victims of industrial fatalities knew with reasonable certainty what they might expect, received it with reasonable promptness, and found it, in general, sufficient to keep them from extreme hardship. In the liability state of Pennsylvania the families of decedents had no such assurance; in general the payments received were quite inadequate to the needs of the families, and not far from one-fourth of those visited had within less than a year from the fatality been obliged to seek charitable aid.

Neither of compensation systems studied is beyond criticism, but their results are so superior to those of the liability system that the claims of their advocates may be regarded as wholly justified.

As between the two compensation states the situation was found to be considerably better in Ohio than in Connecticut. The amount of compensation received was somewhat greater in the former than in the latter state because of the higher scale of compensation benefits, a higher weekly maximum, and a higher wage level, and the economic distress, therefore, was not so acute. The methods and needs of making the family income were, however, similar in the two states.

NEVER FAILS TO END MISERY OF PILES

Stops Itching at Once

"Hundreds of people in this vicinity," says Peterson, "know of the mighty healing power of PETERSON'S OINTMENT in eczema, salt rheum, old sores, itching skin, ulcers, rashes, and all diseases of the skin. They know it cures these ailments—that it is guaranteed to cure them."

Now I want to say to every sufferer from piles, either blind, bleeding or itching, that I will guarantee that a cent box of PETERSON'S OINTMENT will rid you of piles or your druggist will return your money.

"For years I suffered terribly with itching and bleeding piles. I tried everything and despaired of ever getting rid of them. It gives me great pleasure to state that Peterson's Ointment entirely cured me, and I sincerely recommend it to all sufferers."

—Yours truly, David A. Seymour, Supt. of Parks, Buffalo, N. Y.

It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain. Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds on the chest. Nothing like Mustero

PLANS OUTLINED FOR "Y" CAMPAIGN FUND

Meeting Held at Central Christian Church Monday Evening—Teams Selected and Work Laid Out—Some Excellent Practical Talks Made.

The Y. M. C. A. campaign for funds to support the local institution during the coming year and to make a payment on the mortgage debt will begin this morning. The list of probable contributors has been distributed among the captains and team members and it is expected to conclude the active canvass within a few days' time. It is necessary to raise \$8,000 to meet the current expenses not raised by membership fees, to provide for the memberships of certain boys unable to pay their own way and to take care of a debt payment. The general captain is Rev. M. L. Pontius and the division captains are M. F. Dunlap and Dr. C. H. Rammelkamp.

Y. M. C. A. Worth all It Has Cost
A supper was given last night at Central Christian church where leaders and workers met for a conference and to outline the solicitation work. Rev. Mr. Pontius presided and brief addresses were made by M. F. Dunlap, Felix E. Farrell, Rev. W. E. Collins and W. G. Goebel. Further explanation of the solicitation plan to be followed was presented by J. S. Findley, secretary of the Y. M. C. A.

Rev. Mr. Dr. Pontius voiced the sentiment that this is a time when to raise a Y. M. C. A. fund should be an easy matter, since the army Y. M. C. A. work abroad is so closely related to the home organization. Mr. Pontius said that from his own intimate observation of Y. M. C. A. work that if not a good thing had been accomplished in all the years of its existence at home, that the Y. M. C. A. today is worth every dollar that it has cost because of the work that has been made possible in the army cantonments and abroad.

No Real Sacrifice Yet
M. F. Dunlap told of his observations in connection with Y. M. C. A. work and made especial reference to the patriotic demands of the time. The speaker said that while Morgan county banks had in the present liberty loan and in the preceding ones taken the full allotment of bonds, that the county is far behind in the number of subscribers and so in this way is not meeting the wishes of the government.

"Since all we have would not be worth a dollar and since our lives would be valueless if Germany were to win in this war, it is certainly our duty to throw everything possible in the balance in

support of our government. We have contributed to this cause and to that and have done various things but we have not yet approached real sacrifice. As I think of the young men who are going out to risk or sacrifice their lives in freedom's name it seems to me that there is some inequality. Why, I ask myself, should men because they happen to be between the ages of 21 and 31, be called upon to carry this great burden while the rest of us remain at home in safety?"

"These are prosperous times—not, I grant for the wage earner, but for most people in business. This applies to the farmer, who never before received such prices for his crops. People should give and give freely to this cause and as they consider the war status and what the Y. M. C. A. at home and abroad means, I believe that they will quickly raise this fund."

A Practical Suggestion
Felix E. Farrell in his brief remarks began with the practical suggestion that while Morgan street is torn up that a large water main should be laid to the Y. M. C. A. building to permit the frequent refilling of the swimming pool. This would mean increased patronage and more revenue for the institution, the speaker said. Mr. Farrell mentioned that as a father he could testify to the value of the Y. M. C. A. and its good influences.

He said that all parents had a feeling of satisfaction when their boys went to the Y. and took part in its activities. There are many influences which lead in the other direction, Mr. Farrell said, and the good which the Y. M. C. A. does is so patent that the work has its appeal to all those who care for the best in young men and who want to see them surrounded by the right influences. He voiced the thought that at this time especially it cannot go out to the world that local people are not promptly and properly supporting the local Y. M. C. A.

Must Maintain Soldiers' Morale
Rev. W. E. Collins, pastor of the Congregational church, because of his close connection with the Y. M. C. A. work at the Great Lakes Naval Training Station, was able to give strong testimony as to the splendid work of the Y. M. C. A. organization. He said that while he had been in the city only a short time, that he had already come in touch with the local Y. M. C. A. and knew that a good work was going on there. He spoke of the importance of maintaining the morale of soldiers and said that the Y. M. C. A. is a great force in preparing young men for stability when they do get into the ranks.

"As there is every reason to believe the present war will be long.

lads now getting the influence of the Y. M. C. A. are likely later to be in the ranks. There have been unsatisfactory conditions in the British army and the French army which should not be repeated with American troops, and no one institution can do so much to keep the men at the Y. M. C. A. and without the support of the home organization the army branch of the service will gradually become impotent."

V. G. Goebel as a member of the Y. M. C. A. board of directors told of the conduct of finances and outlined the actual purposes of the campaign for funds. J. S. Findley gave explanation of the card system for campaign solicitation and said the members would meet every day at noon at the Y. M. C. A. building to make their report.

ASSERTS PRIORITY IN AIRSHIP INVENTION

J. A. Brashear, Scientist and Intimate Friend of Samuel P. Langley Makes Declaration at Dedication of Laboratory.

Pittsburgh, Pa., April—Samuel P. Langley's priority in the invention of the airplane was acknowledged by Dr. John A. Brashear, of Pittsburgh, scientist and intimate friend of the inventor, in dedicating recently the Langley Laboratory of Aeronautics at the Carnegie Institute of Technology. "Langley" invented the heavier than air machine," declared Dr. Brashear.

He recalled the fact that Professor Langley's death was due to the fall into the Potomac river of an airplane with which he was experimenting.

"More than 32 years ago" Dr. Brashear said "I heard a scientist read a paper on 'The Soaring Birds of Florida' before a gathering of scientists. This man had gone down there and hidden himself in the trees fastening bits of foliage to him, and watched those large birds. Then he began to experiment with machines that could fly. He was ridiculed by that assemblage of scientists, all except one—Samuel Pierpont Langley. Afterward he told me it was a strange topic to be discussed in a scientific meeting, but that it had made such an impression on him that he began to take an interest in flying."

"He came over to my little workshop on the hill one day and asked me to help him in his experiments. Then he went to William Thaw who had previously assisted him, and obtained financial help. Now in those days, whoever talked much about flying received a great deal of abuse and ridicule. But this did not affect my friend Langley for he was set in his purpose."

"He first used the Pinaud flying machine toy that was propelled by a rubber band, being wound up and then released. He said if that toy could fly he did not see why larger machines, made on the same principle couldn't be made to do it too."

"Then his efforts were crowned with a measure of success. He put up a machine over the Potomac River, near Washington. One of the saddest half hours I ever spent was in the Smithsonian Institute in Washington, some years ago when Langley told me of one experiment that failed. It wasn't failure, but he thought it was. Unkind words broke his heart. He died a broken-hearted man."

"I have known nearly all the pioneers in aviation, and when I work you are doing here I feel that it is a great honor to be here to see the fruition of the work of my good friend Langley and see him honored by this institution. He was a bigger man than any university—he was a man of the Nation and I am glad to be connected with any association that honors him."

Dr. Brashear is a trustee of the Carnegie Institute.

WESLEY DAVIS IS SLIGHTLY WOUNDED

Oscar Weir Used Revolver During Altercation in Which His Wife Figured.

Wesley Davis was shot and wounded in the left shoulder by Oscar Weir about midnight Monday in an altercation which took place on South West street while the banquet for the departing colored soldiers was in progress. The first report was that Davis had been instantly killed, but it later developed that his injury was probably not of a serious kind. Weir was arrested and taken to the city police station by Patrolman Moore, who was on duty at the Second Baptist church during the banquet.

Weir walked away after the shooting but accompanied the officer to the city prison without resistance. It was reported that the trouble occurred over a pocket book which Davis attempted to take from Weir's wife. Another version, and that given by Weir himself, was that Davis made an insulting remark to Mrs. Weir.

At the city prison, Weir, who thought that he had killed Davis expressed the greatest regret and declared over and over again that while he did the shooting that it was with no thought of seriously wounding Davis. The prisoner said that Davis had talked roughly to his wife and that when he remonstrated Davis grabbed hold of him and reached into his pocket. It was then that Weir said he drew his revolver and fired.

Davis conducts a barber shop at the corner of Anna and South West streets and was carried there by young men who were nearby. Dr. R. H. Beverly, who examined him, said that there were no indications that the injury would be of a serious kind. It is said by witnesses that Weir himself fired several shots at Davis prior to the one fired by her husband. Weir is a member of Prof. Freeman's band and was on his way home after playing at the court house. His wife, with a cousin had gone from their home not far distant to talk with friends gathered near the Second Baptist church during the progress of the banquet. The assailant has always borne a good reputation and it was a surprise to his friends that he had gotten into this trouble. Too many revolvers could be put down as the explanation of the affair.

REV. M. L. PONTIUS RETURNS

Rev. M. L. Pontius, pastor of Central Christian church returned home Monday evening from a trip of several days as one of the speakers with the war relief train. The trip took Mr. Pontius to Missouri. He spoke in a number of cities, among them Columbia where 5,000 people gathered. At St. Charles, Mo., which is a large German population and is also somewhat pro-German, immediately after the visit of the train citizens of the city subscribed for Liberty Bonds to the amount of \$30,000. At Paris, Mo., Mr. Pontius met and talked with Clarence Evans, a former resident of this city who is now mayor of Paris. He left the train at Hannibal, Mo. Mr. Pontius was greatly impressed with things he saw on his trip and enjoyed it except that it was strenuous work speaking in the open air and hard on the voice.

The Pride of Pre-eminence

THE LEXINGTON reveals a further virtue for the motorist who seeks the ultimate in a medium-price automobile—the pride of ownership. The Minute Man Six is not only the car of fashion but a car that is mechanically pre-eminent—successfully withstanding the most rigid analysis from an engineering standpoint—and easily enduring the most exacting tests to which it can possibly be subjected.

The verdict of the critic who inspects the efficiently functioning mechanism of the chassis is a frank, hearty endorsement of these statements. The Moore Multiple Exhaust System that conserves fuel by producing more horsepower out of less gasoline; the new-type transmission and clutch, so silent and smooth in operation that the car glides away like an electric; the Z-section frame that eliminates more than one-hundred separate parts hitherto bolted on, and that reduces weight while increasing strength; the new-type in accurately foreseeing the emergency hand-brake that can be operated with one finger, bringing the car to a quick but gentle stop — all operate as a complete service unit.

In achieving this modern car of mechanical merit, we have adhered to our time-honored policy of aggressively anticipating the flight of fashion in motored vehicles. All features bordering on the bizarre or eccentric have been cast determinedly aside and the finished product is striking evidence of our success

HTS OF COLUMBUS ITIATE CANDIDATES

Number are Received Into
er Sunday—Banquet Fol-
ed Work—Main Address by
Very Rev. John P. O'Ma-
C. S. V., President of
Viator College—Other Ad-
vices by John M. Butler and
dian N. Brown.

Jacksonville Council No. 868
ts of Columbus initiated a
class of candidates into the
ries of the order Sunday.
work commenced at 1:30
and was given in Wood-
hall.

Following the exemplification
degrees a banquet was
in Knights of Columbus
y the Ladies Aid society of
church of Our Savior. This
followed by a program of ad-
s.

n J. Ferry, district deputy,
very acceptably as toast-
r and introduced the various
ers. Following a piano solo
onica Forever," by Francis
nansinga, the toastmaster
uced John M. Butler. Mr.
spoke almost entirely im-
pu but his effort was a
lid one and was well re-
e.

eph D. Becker then sang,
Army's Pull of Irish."
was received with enthu-
siasm. An address "Our
s" was then given by William
rown of Oak Park. Mr.
a's address teemed with pa-
am and was heard with close
ion.

is Marguerite Butler with
Duncan as accompanist then
This was followed by an-
ss by the Very Rev. John P.
honey, president of St. Viat-
College, Kankakee. His sub-
was "The Soul of Democra-
It was one of the most able
s ever heard in this city and
en herewith.

ne is at hand when we Cath-
have to go out and shout
the house-top what we are
Yesterday, our patriotism
suspected, today who will
challenge the patriotism of
ica?

r. Butler gave us a splen-
d presentations of Irish condi-
s. He is an American born
man, I an Irish born Ameri-
will return the compliment
speak to you of America.)
speak to you of America not
nation, hemmed in between
Allegany and the Bay of
Africa because that America be-
s to the world; to illustrate
need of preparation; to make
realize that every woman and
must stand behind the brave
men who are going to give
lives—their last full meas-
ure of patriotism.

N. Win By Deeds No Words
is no time for any individ-
ual or three fourths prepared,
have to shoot the Kaiser, not
four months, but with guns. If

former were sufficient he would
have been annihilated long ago.
We are not to make light of this
struggle, in which the
whole world is engaged; we are
not to befool ourselves with any
false notions about the weakness
of our adversary. We are pitted
against a nation which was pre-
pared for war, a nation which
has not only been waging war,
but has been preparing for war
during the last 3 1/2 years of its
existence; not against a nation of
imbeciles and fools, but one that
will cost us a price in blood and
treasure, and the sooner we re-
alize it, the less will be the
slaughter.

Order Doing Great Work
The Knights of Columbus, not
so much by words, as by deeds
have emphasized this fact, and if
today we could present in one
great big service flag, the symbol
of patriotism, which the Catholic
people of America are playing in
this world tragedy, we would have
a flag that would represent 35%
of the navy and 40% of the army
of this country, and that from an
element which represents only
16% of the community.

The Knights of Columbus, if
for no other purpose, if for no
other reason than this one rea-
son, demand the loyal support of
every true Catholic of this coun-
try. They have brought home
the blessed trinity of influence—
mother, sister—and sweetheart
to the soldiers in camps and can-
tonments. They have gone further
than this, they have brought
Jesus Christ into the trenches, in
the person of chaplains who are
there to administer to them until
eternity—this is the work of the
Knights of Columbus. Inspired
by the fact that our Catholic man
has no ties too strong to hold
them from their duty, their
homes and hearth-fires; to stay
their friendship with its gripping
hold on the human heart, could
not keep them from their supreme
duty, for they have learned that
it is sweet to die for ones coun-
try.

The stars in their service
flag are blue, emblematic of their
courage, but these stars of blue
will blossom crimson with the life
blood of patriots hearts, and these
crimson stars in time will glisten
with the golden sheen of martyr-
dom as they rise over the hills of
sacrifice. Take then the service
flags and place them in temples
where they will preach to future
generations that love greater than
which no man hath, than the man
that lays down his life for his
country.

Patriotism External Religion
Patriotism is no effervescent
sentiment; it is an eternal religion.
Service and devotion to coun-
try go hand in hand with service
and devotion to God; the virtues
of religion and patriotism are one
and inseparable. Whether we
kneel with body bent before the
altar of our God, or stand with
head erect beneath the starry
folds of our nation's flag, in either
posture we but recognize a
power divine in our devotion
whether it be called religion or

patriotism, but we feel that trans-
forming power which alone begets
nobility, when we realize in very
deed that with God or country,
to serve is to reign.

We are naturally proud of this
great country of ours. Its des-
tiny presaged by the circum-
stances of its birth, and dimly
outlined by the course which it
has since pursued, is sufficiently
known to enkindle in us the sac-
red fires of patriotism. The fact
that in a period of time which in
other nations but marked infancy,
she has made mighty strides that
stand today in giant like majesty,
towering over the warring nations
of the earth begets in us and en-
nobling sense of pride.

When we view in one broad
sweep the network of its commer-
cial enterprise spread over land
and sea and watch its ponderous
vessels plying from shore to shore
its mighty engines sweeping over
valleys and under hills, all bear-
ing far and wide the golden har-
vest of its fields and the rich
products of its mines, when we
feel its vigorous life pulsating
through every artery of activity,
when we see its teeming millions
of sturdy heroes marching over
its bounding prairies as they come
from farm and factory and mine
and counting house, from school
and profession, all thundering
forth in unified response their
answer to their country's call;
"We come Father Woodrow five
million strong to make the world
safe for democracy" our enthusi-
asm thrills our hearts and with
one acclaim we send forth the tri-
umphant prayer "long live Ameri-
ca, the shrine of each patriot's
devotion, the land of the brave
and the home of the free."

**QUINCY TO HOLD BIG
LIBERTY LOAN BANQUET**
E. E. Crabtree Asked To Be One
of the Speakers—Reference
Made To His Splendid Work
In Liberty Loan Organization.

The Quincy Herald in telling
of the Liberty Loan celebration
banquet to be given there May
4th makes this deserved com-
plimentary reference to E. E. Crab-
tree of this city:

"Along with the other big fea-
tures of the Liberty loan celebra-
tion banquet to be given at the
Armory on the evening of
Saturday, May 4, it is probable
that E. E. Crabtree will be here
to attend the banquet. Mr. Crab-
tree is chairman of the third
Liberty loan organization for
that part of Illinois which is in
the Eighth federal reserve dis-
trict. He heads the splendid Illi-
nois organization that has done
such fine work in the third loan
campaign and he is a big man
from whatever point of view,
being a prominent banker of
Jacksonville with an interstate
reputation as a financier and a
"live wire."

"Mr. Crabtree has stated to J.
M. Winters that he would like
to attend the banquet, and cer-
tainly the local third loan orga-
nization is very anxious for him to
do so. Mr. Winters has since
notified Mr. Crabtree of the date
and urged him to be present, and
is awaiting the reply."

**ART BERGSTROM WINS
ALL-ROUND CHAMP MEET**

Young Franklin School Athlete
Sets too fast a pace for His Old-
er Opponents, Scores 2279
Points.

Arthur Bergstrom of 630 Har-
din avenue clinched the all round
championship meet this afternoon
and has a record that any boy
could well be proud to hold.
Also he did not make the best
record in every event his consist-
ent work in every athletic test as
well as in perfect attendance and
a good membership campaigner
won for him the honor of the best
all-round athlete of the Junior B
class.

Young Bergstrom is not only
an athlete but he is a clean liver
and one of the most gentlemanly
boys belonging to the local "Y."
He became very popular last win-
ter in the Grammar School Avia-
tion League, and he always put
up a good game altho his team
was unable to win the champion-
ship.

The events of the meet and the
records made by Bergstrom fol-
lows:

Attendance, 900 points.
New members, 2000 points.
Dip, 16 times.
High jump, 3 feet 5 inches.
Standing broad jump, 6 feet
6 1-2 inches.
20 yard run, 3 and 2-5 seconds.
Running broad jump, 9 feet 2
inches.
20 yard run, 4 and 2-5 seconds.
Pull-up, 9 times.
Poul goals, 1 out of 5.
Standing hop, step and jump,
17 feet 6 inches.
40 yard dash, 6 and 2-5 seconds.
1 lap race, 17 and 2-5 seconds.
50 yard run, 8 and 1-5 seconds.
Standing broad jump backward,
2 feet 7 inches.
Two standing broad jumps for-
ward, 11 feet 8 inches.

Bergstrom was also on the team
that won the relay race six dif-
ferent times.

During this meet 11 new mem-
bers were added to the "Y" mem-
bership and three renewals were
gotten.

**MRS. BRANOM. OF
WAVERLY, DEAD**
Passed Away Sunday at Hospital
in Springfield.—News Notes.

Waverly, Ill., April 29.—Mrs.
John Branom died at 8 o'clock p.
here she was taken Saturday.
She had been suffering but a few
days from a carbuncle on her chin
blood poison having developed.
She was 48 years of age and the
mother of 12 children, namely,
Mendie of St. Louis, Bennie of
Springfield, Fred of Chicago,
Audry of Milton, Orren in camp
at Atlanta, Ga., and Edna, Wayne,
Glenn, Russel, Opal, Graddon and
Herman at home. Her husband
also survives. The body was
brought to her home in Waverly
Monday afternoon. Funeral ser-
vices will be held from Baptist
church Tuesday in charge of Rev.
W. J. Campbell.

Mrs. W. E. Swift went to Macon
Monday to attend the funeral of
Mrs. Harley.
Wilson Smith who has been
doing Y. M. C. A. work at Camp
Sherman, Chillicothe, Ohio, came
home Sunday for a few days.
Miss Georgia Dean Burbank of
Springfield visited Saturday and
Sunday with Elder and Mrs. J. A.
Conlee.

**NOTED NEGRO EVANGELIST
IN THE CITY**

Elder S. C. Crutcher, noted
evangelist of Rochester, New
York, is in the city on a short
visit at the home of Dr. and Mrs.
E. L. Scruggs. Mr. Crutcher is a
former schoolmate of Dr. Scruggs.
He was educated at
Lincoln Institute, Jefferson City,
Missouri, and at Wilberforce Uni-
versity, Ohio, and since 1892 he
has labored as an evangelist and
missionary in North America,
Europe, The Natal and Zululand,
South Africa.

He preached for Rev. Fisher at
the A. M. E. church Sunday morn-
ing and at Mount Emory Baptist
church Sunday night. Mr. Crutcher
will give a missionary address at
the Mt. Emory Baptist church
Wednesday evening at 8 o'clock.
Don't fail to hear him.
BUY THRIFT STAMPS

and they have brought in a total
of 35 bonds amounting to \$3400.

This is still behind the record
made in the first two days of last
year for at that time they had
secured 61 bonds and \$9700.00,
but the above amount is very sat-
isfactory when it is remembered
that the Scouts have been re-
stricted from selling until the last
three days of the campaign so
they are not at all disheartened
and are anticipating a whirlwind
finish and expect to get even
more bonds than that of the
campaign held last October, when
they got 148 subscriptions for a
total of \$16,500.

The Scouts have done a much
larger portion of the general cam-
paign boosting than they did last
year and are expecting to give
the up town shoppers another can-
nonading next Saturday morning
and night.

With the weather on good be-
havior the boys should make some
big strides the last five days of
the campaign and every one is
urged to give the boys a chance to
show their salesmanship qualities
when they are solicited in the
house to house campaign that the
scouts are making. Following is
a report of the first two days
work.

**MADDEN HOLDS NINE OUT
OF SEVENTEEN RECORDS**

Has an Envious Record in Cham-
pionship Meet in Junior A Class
Which Closes this Afternoon.

Wilbur Madden, the husky
David Prince athlete, has hung up
some records, during the past
month, in the All-round cham-
pionship meet, and they will prob-
ably stand for a long time.

Madden is already of football,
basket ball and baseball fame
and now jumps into the limelight
as one of the most promising ath-
letes seen in action here in many
a day, as an in-door champ.

The record and their holders
are given as follows, events, re-
cord held by, and the record:

Dips, Corbridge, 26 times.
High jump, Madden, 4 feet 9
inches.
Relay race, Madden team won 6
out of 7.
Standing broad jump, Madden,
7 feet 3 inches.
Rope climb, Souza and Cor-
bridge, 14 seconds.
20 yard run, Madden, 3 seconds
Running broad jump, Madden,
13 feet 5 inches.
Chinning bar, Souza, 13 times.
30 yard run, tied Souza, Tilton,
Hackett, Corbridge, 4 and 2-5 sec.
Foul goals, Goebel, 3 out of 5.
Standing hop, step and jump,
Madden, 20 feet 5 1-2 inches.
Running hop, step and jump,
Madden, 28 feet 3 inches.
50 yard dash, Mitchell, 7 and
2-5 seconds.
Standing broad jump backward,
Madden, 3 feet 9 inches.
Two standing broad jumps for-
ward, Souza, 13 feet, 8 and 1-2
inches.

**SCOTT COUNTY MEN
LEAVE FOR CAMP DIX**
Sixteen Boys Leave Winchester
Monday for Camp Dix—Other
Items of Interest.

Winchester, April 29.—Scott
county's contingent for Camp
Dix, Wrightstown, New Jersey,
sixteen strong, left Winchester
this noon in charge of Captain
Roy Tankersley and Lieutenant
Eugene Rochester. The young
men were guests of honor at a
dinner given by the ladies of the
Christian church in the basement
of the church. A cafeteria din-
ner was also served and about
\$90 realized. The select men for
the national army were re-
served seats at a table in the
center of the room, which had
been decorated in the national
colors.

Member of Scott County Ex-
emption Board George Hogan re-
ported today that three young
men have volunteered their
services to the government under
the special call for skilled work-
men recently issued by Uncle
Sam. Harvey McCool and George
Northrop, both of Glasgow, both
seek services as automobile
mechanics, and B. C. McCurdy of
Bluffs, states that he is a civil
engineer and would like an army
assignment in that capacity. If
these men are accepted they will
probably be called to the colors,
May 7th.

Roy Shibe left Monday after-
noon for Normal for a short
visit with friends.

Mrs. Nathan Wallace and
daughters, Misses Cecil and
Frances visited in St. Louis Sat-
urday. Miss Frances returned
to Jacksonville Sunday to re-
sume her duties at the School for
the Deaf.

Mrs. Emory Bied and son Roy
of Bluffs were visitors here to-
day.

Miss Cecil Christison returned
after a week's visit here with her
parents, Mr. and Mrs. Mac Chris-
tison.

Misses Nellie and Lillian
Lashmet, Doll McLaughlin, Lil-
lian Sibert and Gertrude Metz-
ger, left Sunday afternoon for
St. Louis, returning Monday
evening.
Miss Edith Watt left Sunday

morning for St. Louis to visit
her aunt and uncle, Mr. and Mrs.
W. D. Gibbs.

Thomas Dugan left Monday
for Springfield to take a civil
service examination.
Mrs. A. L. McCauley of White
Hall is visiting her daughter,
Mrs. W. J. Peak.

Mrs. Julia Summers and Miss
Kathryn Lyons were assisting in
D. D. Watt's Dry Goods Store to-
day in the absence of Misses
Watt and Lashmet.

A Safe and Patriotic Investment

Be Regular in Your Habits

Set aside so much a day or so much a week for the pur-
chase of Thrift or War Savings Stamps. If you do not
save regularly the chances are you will never save at
all. A Thrift Stamp a day means that at the end of
the year you will have \$91.25 saved up, wisely invest-
ed and drawing good interest. A Thrift Stamp a week
means \$13.00 at the end of the year. A War Savings
Stamp a week means \$260 laid away in the world's
best security. Think of the money you wasted last
year. Save it and invest in War Savings Stamps this
year.

ELEVATOR COMPANY IS INCORPORATED

Woodson Farmers Elevator Company Files Papers With Secretary of State—Names of Stockholders and Directors.

Articles of incorporation were filed yesterday for the Woodson Farmers Elevator Co. The document shows that the commissioners authorized to take subscriptions were W. E. McCurley, George Newman and W. R. Butler. The capital stock is \$12,000. The list of stockholders includes a large number of farmers and land owners within the territory tributary to the elevator. The names are as follows:

G. S. Butler, H. E. Barrett, George W. Simpkins, F. A. Grimmett, P. L. Sheehan, George Newman, R. C. Megginson, Frank McCurley, Robert V. Megginson, Charles L. Ransom, Frank E. Worrell, J. F. Burns, Michael Quinn, W. R. Butler, Rex Benson, J. H. Levere, S. M. Butler, J. T. Butler, W. T. Craig, Thomas Young, Isaac Watson, Edward Irlam, James Irlam, E. O. Mortimer, J. W. Arnold, Emma G. Smith, John J. Carrigan, J. L. Henry, L. F. Baughan, C. O. Winter, W. C. Paul, Howard McGee, Thomas B. Ransom, James T. Johnson, John Flynn, Mrs. Morris Seymour, Walter Smith, Hugh Voorhes, I. D. Sheppard, J. W. Galloway, John Lewis, L. A. Fitzsimmons, R. B. Reynolds, J. H. Cain, John Costello, Walter L. Carter, William E. McCurley, E. W. Correll, Mrs. E. C. Ransdell, C. E. Butler, Mrs. C. E. Butler, Jerome Culp, Luther Sheppard, W. T. McKean, M. O. Riley, T. E. Rea, Patrick Ring, Alex Currier, James M. Cosgriff, Henry C. Currier, Harry E. Doolin, William Lewis, Edgar Vasey, R. J. Sheppard, L. J. Wahl, John A. Wahl, George Jameson, Earl F. Woulfe, Nettie M. Eard, Luella Henry, Luc B. Grunder, Margaret M. Taylor, Charles C. Thies, T. J. White, Allen G. Russell, John W. Rea, John Doolin, Thomas Doolin, Charles E. Irlam, Thomas Mandeville, Horace Smith, J. T. Ransom, A. J. Barber, P. J. Woulfe, John F. Casey, T. A. Mandeville, Charles E. Hamel, Jeremiah Flynn, Mrs. Ann E. Ransom, Lloyd W. Darwent, Amanda E. Darwent, J. P. D. Megginson, Walter Fearnough, William E. Reynolds, E. N. Craig, William Vasey, L. T. Lockman, Fletcher

COUNCIL ACTS AS TO CITIZENS COMMITTEE

Expresses Appreciation of Work on Water Problem and Ask Members Continue Their Work—Bids Received for Sidewalks—Minor Matters Discussed.

The city council at the Monday morning session passed a resolution giving the citizen members of the joint committee on water supply an official status. The members of the joint committee, which consists of the city council and five citizens, have been working in entire harmony and every action taken has been by unanimous consent. The city council decided some time since that it would be advisable to be assured of the co-operation and assistance of the citizens' committee thruout all the stages of the proposed water supply movement and accordingly the resolution which is given below was Monday made a matter of record, after it had received a unanimous vote.

Bids were received for the laying of concrete walks adjoining properties where walks have been ordered and the property owners have failed to comply with the instructions of the city. These bids were laid over under the rules for 48 hours. A motion was also passed that the contractor who secures the bids must file with the city clerk within the 48 hours a list of contracts he has for walks on the streets mentioned and that it must be further agreed by the contractor that any property owner who desires to lay the walk without a legal proceeding shall do so within sixty days. The bids for the work in prospect were as follows:

J. W. Baptist & Co., 17c per square foot.
Otis Hoffman, 18c per square foot.
Roy Fernandes, 12c per square foot.

Simone Fernandes who was present, asked if it was possible to require a property holder who has a good brick walk to put down concrete and be was informed that the advice the city council has is that this can be done in order to make an improvement uniform. Mr. Fernandes also asked a number of questions and stated that there were various reasons why he could not put down the walks just fall for which he was awarded the contract by the city and as a matter of fact he had not signed the contract at that time.

Reports of minor matters were presented from the various departments. Mr. Vasconcelos mentioned some continued trouble with the motors at the north station and Mr. Cox reported the sale of two teams which have been used in the street department. Mr. Martin said that an inspector for the American Lumber Co. has been here during the week to examine the fire trucks, which were found in satisfactory condition. This inspection service is provided by the company without expense to the city.

The resolution referred to above was as follows:

"Resolved, that the city commissioners in session Monday, April 29, 1917, wish to express their appreciation of the hearty co-operation and assistance of the citizens water committee composed of Dr. J. R. Barker, Dr. Carl E. Black, T. A. Chapin, J. W. Merrigan, M. R. Fitch, who together with the city commissioners compose the joint water committee to ascertain ways and means to provide an adequate and wholesome water supply for Jacksonville. And that it is the desire and wish of the city commissioners that the above named gentlemen continue to be a committee and to have a part in all the proceedings and final completion of the plans proposed and approved by the joint committee."

"Moved and adopted this 29th day of April 1917."

WOODSON C. W. B. M. WILL HOLD MEETING

Christian Church Organization to Meet Next Thursday Afternoon—Rev. Chester Birch Will Preach at Presbyterian Church Next Week—Other Woodson News.

Woodson, April 29.—The Auxiliary of the C. W. B. M. will hold their regular monthly meeting at the Christian church Thursday afternoon at 2:30. A good attendance of the members is requested as there is special business to come before the Society.

A. C. Metcalf of Jacksonville visited the Masonic lodge here last Friday evening. Rev. Chester Birch expects to fill the pulpit at the Presbyterian church next Sunday and every evening next week. All are cordially invited to enjoy the services. A further notice will appear later in the week.

Friends of Mrs. Louella Henry will be glad to know she is able to be out again. William Root shipped a jar of cattle and one of hogs, and C. C. Self and son shipped two car of fat calves to St. Louis Monday. Miss Hazel Green expects to attend some of the meetings this week at the Birch revival in Jacksonville.

John Longman visited his son William at Camp Taylor last week.

Mrs. Alice Herney is reported as being quite poorly. John Wilkinson the new road commissioner, unloaded the new tractor Monday that was recently purchased in Peoria for road work.

Dallas Crain has returned from several weeks visit with his brother, Bethel Crain and family at Doyle, Tennessee.

Born to Mr. and Mrs. Charles Newman, Saturday a daughter, Mrs. Newman was formerly Miss Elsie Lewis.

Mr. and Mrs. Ira Hanback of Pearl visited a couple of days with their daughter and husband Mr. and Mrs. Herbert Owings.

Mrs. Nettie Megginson attended the funeral of Joseph Hodgkinson at Winchester Friday, returning Saturday.

There will be service at the Christian church here next Sunday unless announced differently later in the week.

Sunday school—10:00 a. m.

Preaching—11:00 a. m.

Evening service—8:00 p. m.

Mr. and Mrs. Newton Wilson and son of Sinclair and J. R. Baxter of Detroit, Michigan were Sunday guests of J. H. Baxter and wife.

Henry Dorr returned home Saturday after several months stay with relatives at Beards-town.

Harvey C. Harney and J. Raymond Baxter left Tuesday with the quota for New Jersey.

Mrs. Mary Wright of Murrayville was the guest of her daughter, Mrs. Bert Spahnower and family Friday.

CONVERSATION CLUB OUTLINES PROGRAM

Will Take up Study of Our Nation in Wartime—Many Topics of Interest Will be Discussed.

At the regular meeting of the Monday Conversation club held Monday afternoon the program for the year 1918-9 was outlined. The club will take up the general topic of the nation in wartime. The subjects will be along various lines of thought and will deal with the effect of the war on the country's social, industrial and commercial life and its effect on our democratic ideals. The officers of the club are:

President—Miss Mary Anderson.

Vice president—Mrs. E. B. Landis.

Secretary—Mrs. H. V. Stearns.

Treasurer—Mrs. O. F. Buffe.

The program for the year is as follows:

Our Nation in War Time 1914-1919.

Read Call Quotations from American poets.

Education—Roll call—Jill. Centennial Mrs. Perrin Sept. 23.

Religion Mrs. Jones Oct. 7.

Peace Movements Mrs. Dunlap Oct. 21.

Secret Service Miss Rowe Nov. 4.

International Relations I European Mrs. Fay Nov. 18.

II Japanese and Latin America Miss Coultas Dec. 2.

Federal Control Mrs. Landis Dec. 16.

Finance Mrs. Buffe Jan. 6.

Modern War Craft Miss Johnston Jan. 20.

Anniversary Feb. 3.

Social Welfare I Mobilization of Women Miss Powell Feb. 17.

II Industrial Adjustments Mrs. Bassett Mar. 3.

III Civilian Relief Mrs. Rowe Mar. 17.

IV Public Health Miss Walton Mar. 31.

V "The Year of the Child" Mrs. Stearns Apr. 14.

Literature Miss Dimmitt Apr. 28.

Democratic Ideals Miss Anderson, May 12.

T. B. OREAR BRINGS SUIT FOR DAMAGES

Asks for Damages in Sum of \$5,000 Each from Both City and Street Railway Company—Other Suits Filed.

Monday was an active day in the office of Circuit Clerk C. W. Boston and a number of suits were filed for hearing at the May term. A. E. Schmoldt has brought suit in assumpsit against William Zastro and O. E. Thompson by Dietrick & Hedgecock as attorneys. The papers filed indicate an indebtedness of \$500.

Two foreclosure suits in the name of George A. Hobbs have been filed by W. W. Wright. One of these relates to property held by P. J. and Kate Meany and the other by William and Hattie Pitts.

A suit for divorce has been brought by Mrs. Alice Johnson thru her attorney, Judge W. E. Thomson, against her husband, George N. Johnson. They were married in April, 1913. Cruelty is the ground upon which divorce is now sought.

A suit in assumpsit has been brought by H. P. Samuell for Nellie R. Robinson. The defendant named is W. H. Robinson and it is set forth that he is unlawfully in possession of the property described as lots 10 and 11 in Ebey's addition.

A foreclosure proceedings has been brought by Worthington, Reeve & Green in the name of C. B. Graff and directed against J. E. Rawlings et al. The suit is based upon a mortgage and notes for \$3,000 given to William L. Armstrong.

The suits involving the largest amount filed for the day were those T. B. Orear brought by Thompson & Thompson against the city of Jacksonville and the Jacksonville Railway & Light Co. Only the praecipe has been filed in each case. It is indicated that Judge Orear is seeking \$5,000 damages from both the city and the railway company. The suits were brought as the result of injuries sustained by Judge Orear one night last winter when he fell over a pile of brick after alighting from a street car near the residence of his sister, Miss Nettie Orear, on South Main street.

AT CONGREGATIONAL CHURCH SUNDAY

New Pastor, Rev. W. E. Collins Preached Morning and Evening—Social Hour Proved Unusual Addition to Evening Service.

Good audiences greeted Rev. W. E. Collins both morning and evening at the Congregational church and after the latter service a unique feature was introduced. The audience was invited to go to the lecture room for a social hour. It was in charge of the young ladies who handled affairs admirably. Each person was supplied with a copy of a line of a stanza of some popular song and all who had lines of the same production were invited to assemble in groups. Then the young men took large pieces of paper with the stanzas printed on them in large letters and the words were sung with a will.

"Keep the Home Fires Burning" and similar productions were selected and the pastor sang his fine voice led. Sometimes the audience as a whole was asked to sing; sometimes each several group, sometimes the ladies, sometimes the gentlemen and so on and the exercise was much enjoyed.

Then the young ladies of the college taught in the Sunday school by Prof. Isabel Smith, passed about ices and cakes which were very acceptable. Some of the older members pinched themselves several times to ascertain if they were really not dreaming and all entered heartily into the spirit of the occasion, nearly all the audience including a number from other churches being present. The whole affair was in the hands of the young ladies of Prof. Isabel Smith's class.

BUY THRIFT STAMPS

NOTICE! THE GOVERNMENT'S GREAT NEED OF FINANCIAL ASSISTANCE PROMPTS US TO OFFER A THRIFT STAMP WITH EVERY \$5.00 PURCHASE ON WEDNESDAY, MAY 1. J. HERMAN.

BUGLE CALLS AND A LECTURE Patriotism was in the air at Northminster church Sunday afternoon in unlimited abundance when Rev. Chester Birch addressed the ladies of the Relief Corps and the members of Matt Starr Post G. A. R. as guests of honor and a large congregation in addition.

The pastor, Dr. W. B. Spooner, presided and with complimentary remarks introduced the principal speaker, Rev. Chester Birch. He briefly referred to the landing of Columbus and his work and said that naturally the Spanish language would be the speech of this country; if Columbus had been a Portuguese, it would have been different.

With his cornet he gave the rouse, school call, church call, assembly call, the medicine call, "come and get your quinine" and wound up with taps. His calls brought vividly to the minds of the veterans the days of the war, while his excellent address, full of loyalty and patriotism, fired the hearts of his audience and evoked several rounds of applause.

Nujol Receives Testimony from High Sources

A valuable opinion of Nujol is expressed in the following letter:—

NUJOL LABORATORIES,
STANDARD OIL CO. (New Jersey),
BAYONNE, N. J.

Dear Sirs:—

Nujol is perfect as a soothing agent for catarrh of the stomach and bowels. However, in long standing cases of constipation think it should be administered under a physician's directions as a good many of these cases require a treatment of the liver also.

Yours very truly,

F. S. Rockwell,

Med. Dept. U. S. Army.

Ft. Seward, Alaska,
Nov. 30, 1916.

Regular as  Clockwork

MUCH excellent testimony, similar to the foregoing, establishes the reputation of Nujol as a safe and scientific remedy. Thousands now use it rather than harmful pills and salts.

In practically every case of constipation Nujol promptly gives the desired relief, acting as a perfect aid to regular bowel-action. It frees the user from the weakening effects of laxative drugs, and in this way promotes a better condition of health through the entire system. Nujol acts without griping; and relief is obtained without weakening or disagreeable reaction. Nujol is so gentle in its action that the weakest invalid or the smallest child can safely take it. To be "regular as clockwork"—use Nujol.

ABSOLUTELY HARMLESS

There are no substitutes
—there is only Nujol.

At every drug store. Send 50c and we will ship
new kit size to soldiers or sailors anywhere

Nujol for constipation

COLUMBUS HAIRGROVE OBSERVES BIRTHDAY

Jacksonville Resident for Over Half a Century 90 Years Old Monday—Was Born in West Point, Georgia—Veteran of Civil War and Has Had Many Exciting Experiences.

April 29th, 1828, in Troop county, near West Point, Georgia, a little boy appeared in the home of William and Sarah Hairgrove and being admirers of the discoverer of this country and also for whom it should have been named, they called the little stranger Columbus. The father was a millwright by trade though he did a great deal at farming also. He had a good sized family and tried to rear them all in the right way.

The father was somewhat of a rover and eight years later he moved to Aberdeen, Mississippi and not long after to Van Buren, in the same state. Soon after that he moved to a farm in Itawamba county, Miss., where he remained till 1850 when he moved to Pike county, Ill., Sept. 9, 1850.

Learned Trade of Carpenter He had taught his boys the carpenter trade and by this time Columbus was 22 years old and having good judgment and being accustomed to mills he was employed to inspect flour and brand barrels and later worked at the carpenter trade.

The family didn't remain long in Pike county but moved over to Jacksonville and here first the young man went to work carpentering for Moore and Cornelius Goltra. Then he went to work on the building for the insane and the superintendent, Dr. Higgins, seeing his skill and industry took a liking to him and induced him to take a position as attendant at \$27 a month with board and washing and as winter was at hand he accepted though it proved a costly job.

One cold, frosty morning in January the alarm was raised, a patient had escaped. Hastening to the residence of Cornelius Goltra the young man took a horse and with nothing but a halter, neither saddle nor bridle, he leaped on the creature's back and started in pursuit of the fleeing fugitive. The ground was slippery and the horse fell in such a way that the rider's right ankle was broken.

It happened near the residence of Palmer Holmes and he and his son Marcus took the sufferer into the house where he had medical attention and in time recovered. He next went to work for the local Baptist preacher and farmer, Rev. Thornton Sheppard, so widely known at an early day. As he had enjoyed but very few school advantages he sought the aid of a young man named Bert Whitlock who taught him arithmetic which he was very glad to learn.

He next thought he would try farming on his own account but he only raised one crop and then so work as contractor or sub-contractor on the new Chicago & Alton road, or what was then the Tonica & Petersburg road. Then he took a sub-contract for two miles of the Wabash road west of the Illinois river and was badly treated by the main contractors and lost heavily.

His father and some of the sons had meanwhile moved to Kansas in time to taste the sweets (?) of border ruffianism. Fear is an unknown quantity in the Hairgrove family and the family stayed there till some scoundrels came along and asked the father and one of the sons what they were doing there and if they were Abolitionists. The father replied that they had nothing to do with politics but had come there to make a home. That failed to satisfy the devils who rounded them and nine others up at a place called Marias des Cygnes and shot them. The father fell with a bullet thru his left lung and the son with an eye shot out.

To make sure of their work the fiends went among the fallen ones and shot again all they suspected.

to have life. The mother and some neighbor women yoked oxen to a wagon and visiting the scene found the father and son and three others alive, loaded them on the wagon and took them home and nursed them back to life.

Moved to Kansas Ignoring the danger young Hairgrove went to Kansas with his young wife and remained there some time but finally, yielding to the entreaties of his wife he returned to Jacksonville and worked on the Stryker property and later on the Strawn block, now armory hall, for Silas Terry, contractor.

This proved rather tame and he went alone to St. Louis and worked there a few days and then decided he would go to Memphis. Fortunately he knew the captain of a boat about to start for New Orleans and placed a revolver in the captain for his fare and a gentleman's shawl for a dollar in cash, his all.

Spent Some Time in Memphis Arriving in Memphis and getting breakfast he started to find a boarding house and succeeded in getting in by paying his fifty cents. Then he started out to find work and found Henry Patchin, a New England contractor, putting up a building and asked for work which was granted him at \$2.50 a day and when the steamboat touched on the return trip he redeemed his watch and revolver. Within a week his employer asked him if he felt competent to frame a building and finish it and he said he did and at once he was placed in charge of the job.

He was in charge of the job for 35.50 a day as the employer wanted to get away as the pro-slavery feeling was running high and a man from New England was not in favor with the people. Mr. Hairgrove wasn't afraid and to annoy some of the people he met he carried in his pocket a piece of walnut wood and told them it was from a rail that Abraham Lincoln had split. It would doubtless have cost any other man his life but not Mr. Hairgrove's. He was waited on by a policeman and ordered out of the place within 24 hours and asked why. His wife had joined him there and they had a small boarding house and the official told him it was an Abolition house. Hairgrove said they knew nothing of the opinions of their boarders, simply asked pay for what they owed.

"But you are not a Douglas man?" said the official. "No; I am for Abraham Lincoln." "Well; you have just 24 hours to get out of Memphis." "See here; I was reared in the south and not very far from this place and am not afraid of you or any of your crowd and if any one dares try to make me trouble he will get a dose of cold lead in good shape and don't you forget it."

The policeman wisely concluded discretion was the better part of valor and the young Lincoln man wasn't troubled any more.

Served in Union Army After his work for Patchin was done he was made foreman of some other jobs and remained till 1860 when he returned to Jacksonville and worked at farming till 1962 when he enlisted in Co. D 101st Ill. Infantry and fought till the end of the war.

The story of this organization has many times been told. Mr. Hairgrove's experience would fill a large volume which would be very interesting reading. He was in every sort of an engagement, was in Sherman's march to the sea and in all was wounded but twice and that not severely. Once he was near a cannon which was fired unexpectedly and while he wasn't stunned the hearing of one ear was destroyed.

He returned home when discharged farmed for a while and in 1877 moved to Jacksonville and since 1878 has lived on the corner of East Morgan and South East street.

Married in 1853 In 1853 he was married to Rose Ann Whitlock, sister of his former teacher who later became known so well as Judge Whitlock. They are the parents of two children, J. W., the well known physician and surgeon, and Miss Josephine. They are enjoying a serene old age, tenderly cared for by their devoted daughter and aside from deafness Mr. Hairgrove enjoys all his faculties to a remarkable degree.

He remarked to the writer that he could today do more work than some of the men on the streets. He, his brother Joseph, J. O. Hamilton and Alex. Armstrong, all way past eighty, were members of the same company in the war. One of their number, Champion Ferguson, died recently.

For a good while Mr. Hairgrove affiliated with the Masonic fraternity until his hearing became so impaired that there was no satisfaction in attending lodge. He is a faithful and consistent member of Centenary church and rejoices in belonging to Matt Starr Post G. A. R. He is always ready for a joke and was his hearing good he would be an inveterate fun maker.

Mr. Hairgrove is an honored member of the community, bears an unblemished reputation and is respected by all who know him. May he live to reach par is the wish of his friends.

NOTES FROM THE COUNTY AGENT'S OFFICE

In spite of all the warnings against poor seed corn, a great deal of it will be planted this spring. This will mean a poor stand and replanting. Some farmers have made tests of their corn and think it will grow, when the germination indicated it would merely start to grow. A weak germination in a grain does not indicate the corn is good seed. In good seed corn, the germination is strong enough to warrant the belief that the sprout will get out of the ground. When corn is tested in sawdust or sand for seven days, under favorable conditions, there is no doubt as to whether a grain is good or not.

The farmers are urged to test enough corn to insure a supply for replanting. Some have informed this office that they have a supply if the purchaser will pick it out of the crib. The seed corn that can be handled thru this office readily is that in which each ear has been carefully tested, then butted, tipped and shelled, and is sold with a guarantee as to its germinating quality. If any farmer in Morgan County has Reid's Yellow Dent, Johnson County White or Funk's Ninety Day corn, that will meet these requirements, this office will help him to find a purchaser.

There were more inquiries for farm labor on Saturday than on any previous day since March 1st. No farm hands applied for work that day. This indicates that we shall face a shortage of labor later. Before trying to import help the wise thing to do is for the authorities to make a systematic canvass of every town in the county, and see what volunteers can be secured for from 3 to 15 days work during the busy season. There are men and boys in every town doing work that can be done by women and girls, and there are some lines of work in town that can go undone during the busy season. Now is the time for every man to come to the aid of his country.

If the people of Morgan county can settle the farm labor problem in this way without outside help, it will certainly be an event of which every citizen can be justly proud.

There is a healthy interest in soil improvement. Many inquiries are made concerning limestone, and some few concerning rock phosphate. The influence of this office is strongly toward the grow-

ing of more legumes. In many cases this means the addition of limestone, especially in the case of alfalfa. If the nitrogen content of the soil in this region can be increased thru the growing of legumes, and application of barn yard manure, then the soil will be in condition to show results when phosphate is applied. Some have their thin land at this time in a condition where they are willing and anxious to apply phosphate in some form.

Originally county agents had to plan and execute their own demonstrations. Now the demonstrations are here. In Morgan county are fine demonstrations of alfalfa raising, management of purebred livestock, use of self feeders, and the comparative use of the corrugated roller and harrow on winter wheat. Later it is hoped to put all the members in touch with these projects thru auto tours.

The farmers in Morgan county are urged to grow on their farms all the feeds needed for their livestock. Corn silage and alfalfa hay, corn and clover, or corn and soybeans, or corn and cow peas are combinations hard to beat. The Conda Field Pea in oats is a combination that will appeal to the dairymen and hog raiser if once tried. These approach very closely to the technical balanced ration.

BRIEF NEWS NOTES FROM GRIGGSVILLE

Funeral Services for William O'Donnell Held at Riley Home—Mrs. Otis Mason and Daughter Visit Relatives a Perry.

Griggsville, Ill., April 29.—Mrs. Otis Miller and Hazel Orr spent several days last week in Perry with Mr. and Mrs. B. Dorsey.

Miss Emma Cheeswright of Springfield is visiting home folks. A fine little daughter was born to Mr. and Mrs. Underwood Saturday. The father is a soldier in Texas.

Miss Hattie Scot of New Berlin is visiting her parents, Mr. and Mrs. Tom Scott.

William O'Donnell died Wednesday in St. Louis after an illness of two days with pneumonia. Deceased was 34 years old and for 14 years was metal polisher for

a large firm in St. Louis. He was survived by three sisters, Mrs. M. Davis, Kansas City, Miss Lizzie O'Donnell of St. Louis; Mrs. Tom Riley, Griggsville; and two brothers James and John "somewhere in France." The remains arrived here Thursday and were taken to the home of his sister, Mrs. Riley and the funeral services were held at 9:30 from the residence and the remains were taken to Pittsfield, where services were held at St. Mary's Catholic church by Rev. Father Curran and burial was in the Catholic cemetery.

Mr. and Mrs. Thomas Meehan of Bluffs, Mike Fox of Bloomington and Miss O'Donnell of St. Louis were here to attend the funeral.

Most for the Money

If desirous of extreme high class, aristocratic beauty, power, comfort, economy and reliability, the Auburn should be your choice. Seventeen years of service. Still manufactured by the original owners and builders, which is the greatest record of any automobile manufacturer.

AUBURN

No matter how
much money you pay
you can not get a bet-
ter car.

No matter from
whom you buy you
cannot get as much for
the money.

If desirous of long service, great convenience and power at a medium expenditure of money, you will find the new 1918 Chevrolet in a class by itself. Light, but strong, for a small car at a modest cost, we call your attention to the fact that ninety-four were sold in Morgan county by us during the 1917 season and only ninety-four because of the inability of the factory to get us any more. Our sales this season are exceeding 1917. We can assure you that it will be to your interest to have your order in early. You know the extreme shortage of material, and the only way for you to be the proud possessor of this, first by test, light car with all the conveniences of any car at any price, is for you to order at once.

Keep the Children Well

To keep the little ones well, sturdy and happy, free of coughs, colds, croup, little fevers and inflamed throats, use

Foley's Honey and Tar.

It is carefully made of selected remedies that loosen and break up a cough, stop croup and ease an aching inflamed throat, and it is clean of all narcotics.

The prompt use of Foley's Honey and Tar is very helpful for whooping cough, and the restless feverish state that attends children's diseases.

M. T. Davis, Bensenville, W. Va., writes: "One of my patrons had a small child taken with croup. They came to my store and bought a bottle of Foley's Honey and Tar and before morning the child was entirely recovered."

JACKSONVILLE WOMAN'S
DIET

"I have doctored with the best doctors in the United States. Some said one thing and some another was ailing me and all wanted to cut me open but May's Wonderful Remedy saved me, so now I eat cabbage, sausage and anything I want to. Nothing hurts me. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract, thereby always relieving inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince you money refunded. Coover & Shreve Drug Store, East Side.

GIANTS RETAIN LEAD BY BLANKING PHILLIES

Tesreau Allows Opponents Only Five Scattered Singles—Kauff Batting Star With Four Safeties—Cincinnati Noses Out Cards.

Philadelphia, April 29.—New York retained its lead by blanking Philadelphia today 6 to 0. Tesreau allowed five scattered singles while Mayer was batted freely, extra base hits and Stock's wild throw accounting for virtually all the Giant's runs. Kauff was the star getting a double and three singles in five times up. Young hit the first ball Mayer pitched for a triple.

WOMEN SUFFERERS MAY NEED SWAMP-ROOT
Thousands upon thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease. If the kidneys are not in a healthy condition, they may cause the other organs to become diseased. Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble. Don't delay starting treatment. Dr. Kilmer's Swamp Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions. Get a medium or large size bottle immediately from any drug store. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Jacksonville Daily Journal.

WHEN OUR BOYS ARE HOME ONCE HOME

Lines written by Marie Roberts, 11 years old, 910 North East street.
The Kaiser wants to rule the world,
But when he sees our flag unfurled
He gets as mad as he can be
For our Sammies will fight him
On land or sea.

When this terrible war is o'er
And our boys are home once more
The Kaiser will feel mighty cheap
And his country will lie in a heap.

When we buy Liberty Bonds, and such
We help our Sammies very much
And War Savings and Thrift Stamps, too,
Helps to make the Kaiser feel pretty blue.

So, when this terrible war is 'o'er
And our boys are home once more
We will be proud and happy forevermore,
For our boys who fought across our shore.

Our old Red, White and Blue
Will never sever
And we will be happy forever
When the terrible war is o'er
And our boys are home once more.

So buy Liberty Bonds, and such
That helps our Sammies very much
And War Savings and Thrift Stamps, too,
President Wilson will be very pleased with you.

NEW ARROW COLLARS FOR SPRING
CASCO-2 1/2 in. CLYDE-2 1/2 in.

You know, of course, that the Maxwell Motor Car is the long distance champion of the world.

You have read that a "stock" Maxwell 5-passenger car ran for 44 days and nights without stopping the motor.

And that, in the 44 days non-stop test, the Maxwell covered 22,022 miles, at an average speed of 25 miles per hour.

But have you, up to now, realized the full significance of that performance?

Do you know that no other motor car in the world has ever equalled or even approached that performance?

In a word, did you take this test seriously when you heard of it?

Or did you set it down as a "selling stunt" to give the publicity man something to talk about?

It's worth your while to read and to study the conditions under which that test was made.

You know that the American Automobile Association (familiarily known as the "A.A.A.") is the official arbiter of every automobile test and contest.

But perhaps you didn't know that when a maker places his product under A.A.A. supervision he must do absolutely as told and abide by the decisions of the Board.

That's why there are so few A.A.A. Official Records!

This 22,000-mile Maxwell non-stop test was official from start to finish. Therein lies its value to you.

It proves absolutely the quality of the car—of the very Maxwell you buy. For verily this was a "stock" Maxwell. Listen:—

First: the inspectors disassembled the motor to see that no special pistons, valves, bearing-metal or other parts had been used.

Every other unit was as critically inspected. Then the car was re-assembled under their own supervision.

As we had much at stake and the test was made in winter (November 23 to January 5) we asked permission to take certain little precautions against accidental stoppage.

Sounds reasonable, doesn't it?

But they refused permission to do any such thing.

For example:—They would not permit a rubber cover over the magneto—it wasn't "stock."

They refused to let us tape the ignition wire terminals—they are not taped on the Maxwells we sell—so of course it wasn't "stock."

Neither would they let us use a spiral coiled pipe in place of the usual straight one from tank to carburetor to guard against a breakage from the constant, unremitting vibration—it isn't "stock."

Nor to use a special high priced foreign make of spark plug—the run was made on the same spark plugs with which all Maxwells are equipped.

So rigid were the rules, we were unable to carry a spare tire on the rear—it wasn't "stock." A telegram to headquarters in New York finally brought a special permit to carry a spare tire.

"It isn't stock!" "It isn't stock!"

That was the laconic reply of those A.A.A. inspectors to every last suggestion that called for anything but the precise condition of the standard, stock model Maxwell that any customer can buy from any one of 3000 dealers anywhere.

We are glad now—mighty glad—that the rules were so strict and so rigidly enforced.

Any other car that ever attempts to equal that record must do it under official supervision—and comply with the same terms.

And it will have to go some.

For Maxwell set the standard when it performed this wonderful feat. Maxwell complied with those rules—and made good.

Every drop of gasoline and oil and water was measured out and poured in by the inspectors themselves. They would not even let our man pour it in!

Every four hours the car had to report at the official station for checking. And it had to be there on the minute.

BUSINESS CARDS

Alter L. Frank—
200 Ayers Bank Bldg.
E.A.R. NOSE AND THROAT
Office hours 8-11 a. m. 1:30-5 p. m.
Residence, 502 Illinois

F. Myers—
and residence, 304 South Main
Office hours 8-11 a. m. 1:30-5 p. m.

CALL POTATOES TO WHEAT'S SUPPORT

Nation Has Big Reserve in Record Crop of Last Year—Some Recipes for Their Use.

Washington, April 29.—It's time to call out the potato in full force, says the United States Department of Agriculture. Wheat must have this support to last thru till the next harvest. There are still millions of bushels of that 44,536,000 bushel record crop of potatoes

were grown last year. Potatoes can hold the line; they are made of the right stuff—much the same as wheat. They do much the same work as wheat in the body. They are plentiful and are getting cheap. Eat lots of them; then your wheat needs become less.

Many New Uses for Potatoes. There are almost endless ways to serve potatoes with meat and other foods. Soups, salads, and even desserts offer still other ways. Mixed with flour they can be used in baking, too. That we can use potato with flour is not surprising, for the food substance potato supplies most abundantly is starch and it is largely because

of the starch they contain that the world uses cereal grains as breadstuffs. Food specialists of the department declare that with a little experimenting housewives will find that one-third to one-half of the flour in some favorite recipe can be replaced with mashed potato. Here are some new ways suggested by Department of Agriculture specialists to make potatoes take wheat's place.

Yeast Bread. If potato is used for bread making, allowance must be made for the large amount of water in it and less additional liquid used for this reason.

Potato Bread. 1 cup mashed potato. 1 teaspoon salt. 2 1/2 cups flour (more if necessary).

4 tablespoons yeast. 2 to 4 tablespoons liquid yeast or 1/4 cake dry yeast, or 1-6 cake compressed yeast.

Short process: Mix the salt with the mashed potatoes, which are free from lumps and cooled until lukewarm. Add 1-6 to 1/4 cake compressed yeast softened in 4 tablespoons warm water, or 2 to 4 tablespoons liquid yeast, or 1/4 cake dry yeast, or 1-6 cake compressed yeast.

Gravy goes well with potato and such a use helps to save fat for other purposes. So do not lose any of the good meat flavor when you roast meat or cook it in a frying pan, which you could save in the form of gravy; and do not forget that salt or smoked fish can be used in a very palatable way to flavor milk gravy, and this is a fine way to use skim milk.

BUY LIBERTY BONDS LAST CALL FOR TAXES If not paid by May 1st will be subject to a penalty of one per cent and advertised immediately thereafter. If you do not want to be detained an hour or two in the office you will not defer the payment.

Quick Breads. Try this recipe for tea biscuits. Notice that the liquid is less than is the case when all flour is used, because of the water the mashed potato contains.

Potato Biscuit. 2 cups sifted flour. 1 teaspoon salt. 3 teaspoons baking powder. 3 tablespoons shortening. 1 cup mashed potato. Liquid sufficient to mix.

Sift together twice the flour, salt and baking powder. Cut or rub into this the cold shortening. In the same way rub into this flour mixture the mashed potato. Finally, add just enough cold liquid to make the mass cling together. Do not knead. Place on floured board, roll until 1/2 inch thick, and cut into rounds. Place these in lightly floured biscuit tins and bake 15 to 20 minutes in a moderately hot oven. Bake all potato breads more slowly than those made with flour alone.

Potato-Cornmeal Muffins. 1 cup mashed potato. 1 cup corn meal. 1/2 cup sifted flour. 1 teaspoon salt. 3 teaspoons baking powder. 1 or 2 tablespoons syrup. 2 tablespoons shortening. 1 or 2 eggs.

Liquid to mix to a medium batter (about 1/2 cup). Add the corn meal, salt, syrup, and 1/2 cup liquid to the hot mashed potato, place in double boiler and steam 10 to 30 minutes. Add the shortening and allow to cool thoroughly. When cold add the well-beaten eggs and the flour which has been sifted with the baking powder. Add just enough more liquid, if necessary to make a somewhat stiff batter. Beat thoroughly, place in gem pans until half filled, and bake 25 to 30 minutes in a moderately hot oven.

Often when no dry bread crumbs are on hand, fresh bread is used for stuffing purposes. This use of bread can be avoided by making the potato stuffing given below.

Potato Stuffing. 2 cups mashed potatoes. 1 egg (beaten). 1 small onion finely minced. 1 tablespoon fat. 1 stalk celery finely minced, or 1/2 teaspoon celery salt. 1 teaspoon salt. Pepper.

Mix the ingredients and use in place of ordinary bread stuffing. A cake with one-half of the flour one would ordinarily use replaced by potato is made as follows:

Chocolate Potato Cake. 1/4 cup butter or other fat. 1/4 cup sugar. 1/4 cup dry rice potato. 1 egg. 1 cup milk. 4 teaspoons salt. 1 square chocolate. 3 teaspoons baking powder. 3/4 cup white flour. Cream the butter, add the sugar gradually, then the well-beaten egg, and warm potatoes. Beat well. Sift the flour, salt, and baking powder then add to the first mixture with sufficient milk to make a cake dough. Bake about 35 minutes in a moderate oven.

Potato Cookies. 2 cups sifted flour. 1/2 teaspoon salt. 2 teaspoons baking powder. 3/4 cup brown sugar. 3 tablespoons shortening. 1 egg well beaten. 1 cup mashed potato. Cream together the butter and sugar. To this add the well-beaten egg and the mashed potato (free from all lumps). Beat until smooth, then add the twice-sifted mixture of flour, salt, and baking powder. It will usually not be necessary to add any liquid. Mix until a dough is formed stiff enough to roll. Place on floured board, roll until about 1/2 inch thick, cut into rounds, and place on greased baking sheet. Bake 15 minutes in a moderately hot oven or until a delicate brown. Bake more

slowly than ordinary wheat cookies.

Meat Extenders. Here are recipes for potato crust which you can use for meat pies and such dishes. Meat used in meat pie or meat stew with dumplings will serve more people than it would if cooked without such additions.

Beef Pie With Potato Crust. 2 cups flour. 1/2 teaspoon salt. 2 teaspoons baking powder. 1/4 cup flour used to roll out. 1-3 cup milk. 1/2 cup shortening. 1 cup mashed potatoes. Potato Thistle.

Line a dish around the sides with mashed potatoes prepared as for the table, then fill with minced lamb, veal, or any other left-over meat, well seasoned, and cover the top with minced mashed potatoes and criss-cross with a knife. Put in oven and brown.

The meat and potatoes can be used from left-overs. Creamed codfish or creamed smoked fish, or, for a change, chilled dried beef, with potatoes are old and favorite combinations, as is also a mixture of fish and potatoes in the form of fish balls.

Gravy goes well with potato and such a use helps to save fat for other purposes. So do not lose any of the good meat flavor when you roast meat or cook it in a frying pan, which you could save in the form of gravy; and do not forget that salt or smoked fish can be used in a very palatable way to flavor milk gravy, and this is a fine way to use skim milk.

WORLD WAR CALLS FOR GREAT CHURCH WORK

Dr. F. B. Madden Says That the Church Must Eclipse Splendid Valor Displayed on Battle Field—Rev. J. O. Kirkpatrick Tells of Ruined Churches of France.

The world today is not a parade ground on which the church can fall in case and sing its lifting songs, while carnal power stalks thru the earth with sheer brutality, soldiers of the cross may not dwell in smug complacency like the civilian heroes "who hold down bomb-proof jobs in Washington." Christians are enlisted in the army of the Lord and must endure hardships as good soldiers of Jesus Christ. They must eclipse the splendid heroism displayed on the shell-torn, gory and pestilential battlefields of Europe. They endured hardships in Ancestral days. In every century since when the sword has been unsheathed and active, the church has given demonstration of spiritual power in whose radiant glory the heroisms of worldly power have paled.

Recall the heroisms on the battlefields of Europe today; the magnificent sacrifice, splendid courage, exquisite chivalry and incredible power of endurance. Then remember that the church of the living God must eclipse the exploits of carnal warfare by the more glorious warfare of the spirit. It must do something so splendid and so chivalrous as to outline the glamour of war. Its courage and wise audacity should eclipse the valor and ingenuities of the world. This is no hour for craven fear nor retreat. Dr. J. O. Kirkpatrick, who has just returned from the battlefields in France and Asia, who preached in a number of Y. M. C. A. huts that have since been destroyed, visited the camps of the Hindus, Chinese and Singalese. He tells us that there are between 75,000 and 100,000 men from India fighting in France and "they are about as good soldiers as any." One of these of this failure result a new accent on human rights and because of this there was never a better time for Christianity. The Bishop said: "One of the most remarkable things coming out of this war is the new emphasis being placed on the missionary enterprise. We are realizing that we must carry the gospel to the heathen, not simply because he is without it, but because he is a man after all. The soldiers from heathen lands are fighting on the western front for human rights and these rights they must have after the war is over. The pulpit everywhere must preach a gospel that will fit the new era of democracy with its fundamental question of the right attitude which men must take toward one another. The most hopeful note that I have heard is the call of the church for millions for missions. The door was never more open to Christianity than it is today."

The church must send a new army corps of soldiers of Christ and more abundant means to assuage the pains and burdens of the body, and to free the spirit from the thralldom of sin and fear; to merge sundred peoples and unite the kingdoms of the world in the one and radiant kingdom of God; to let "all men know that all men move under a canopy of love" as broad as the blue sky above.

Mr. Madden illustrated these truths from his sermon preached Sunday morning at Grace church on "Enduring Hardness as Good Soldiers of Jesus Christ" with many thrilling incidents and stated that the Wesleyan church of England in 1917 advanced its missionary offering 7 per cent and made it the largest in its century long history and that Canadian Methodism also advanced its missionary collection in 1917. He also stated that nearly every French protestant chaplain won a medal for bravery under fire on the battlefield and that Bishop McConnell commended most highly the work of the Y. M. C. A. in France. Mr. Madden said: "Of course we must lick the Kaiser, but after that the church will still have to fight the devil. What's therefore we are patriotic and loyal, we must not let the shock and excitement of this awful but temporary cataclysm of nations cause us to forget and neglect our duty to the church as soldiers of Christ engaged in the age-long and world wide conflict of the kingdom of God against the powers of darkness."

"Crowns and thrones may perish, Kingdoms rise and wane, But the church of Jesus Constant will remain; Gates of hell can never 'Gainst that church prevail." J. O. Kirkpatrick's Lecture. In the evening a large audience

packed the auditorium to hear the patriotic address of Rev. J. O. Kirkpatrick on the "Ruined Churches and Cathedrals of France." Miss Margaret Scrimger sang two solos: "Keep the Home Fires Burning," and "The New America." The stereoscopic views prepared and sent out by the United States government to be used in the third liberty loan campaign, showed the beautiful and stately ecclesiastical architecture of France and the ruthless destruction wrought by the vandalism of the Hun. The cathedral Rheims, the work of centuries, the shimmering loveliness of "the pride of nations and history," has been wantonly destroyed in the hope of breaking the courage of the French. For this vandalism there was no military necessity; no cause but the utter devilishness of German militarism. In this the Hun failed; for his devilry has fired the Allied nations to new resistance. The audience vigorously applauded Mr. Kirkpatrick's eloquent appeals for purchase of thrift stamps and liberty loan bonds.

BUY THRIFT STAMPS

NOTICE TO CONTRACTORS. Bids will be received by the city council until 10 a. m. Monday, April 29, for the construction of certain sidewalks on the following named streets, because of failure on the part of property owners to comply with notice sent them, the city will have the work done and taxed against the property in accordance with the law. The streets are as follows: North Main, South East, Pine, North Diamond, West College, South Saville, Lorton West Court, Myrtle, Mathers, and also Allen, South Clay, East Independence and Ashland avenues.

The council reserves the right to reject any and all bids when contract is awarded. Contractors must give bond.

R. I. Pyatt, City Clerk.

EXETER

Quite a number from here went to Bluffs Saturday to hear the Souza band play.

Rev. Henry and Henry Clark left Tuesday for Camp Dix, N. J. Rev. Scott Peak held services at the M. E. church last Sunday.

John Chance called on Winches-

ter friends last Saturday. Misses Kathy Lex, Emma Lee Brown and Alice Ratigan spent Sunday evening at the home of Mrs. Charles Funk. Ray Wood and wife have moved into Mrs. Mary Miller's house. Miss Alice Ratigan spent Wednesday at Bluffs with Miss Catherine Anderson, her music teacher. John Merr is accompanied Clifford Mills to Jacksonville where he will visit for several days. Croyey Mills who is training in mechanics at Peoria visited his brother who resides west of town last Saturday and Sunday. Little Miss June Brackett is visiting her grandparents in Bluffs while her parents are in Springfield. Roy Berry was called to the colors and sold his store to W. D. Botterbush. Ray Woods went to Springfield and Jacksonville to purchase groceries for his new store in the west side of W. D. Botterbush's store.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels to move and act normally. They never force them to unnatural action. If you have a "dark brown mouth"—a bad breath, a cold, tired feeling—sick headache, indigestion, and are constipated, you'll find quick cure and only pleasant result from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. Use and see for yourself. Druggists.

This Corn Will Peel Right Off

"Gets-It" Makes Corns Come The "Banana-Peel" Way!

Why have to flop on the floor and squeeze yourself up like the "Banana-Peel" and with bulging eyes, your face up into a wrinkle while you gouge and pull at the "quick" of a tender corn? "Gets-It" Always Works!

2 or 3 Drops Applied in a Few Seconds There's No Fussing or Cutting. "Gets-It" Always Works! the old, savage way. "Gets-It" the modern, painless, simple way. Lean over and put two drops "Gets-It" on the corn, put a stocking and shoe right on and forget the corn. Pain is eased, treatment of corns. It never itates the true flesh. You'll a limping on the side of your sh and do away with greasy sal bandaging bandages, thick plast and painful methods. Use "Gets-It's" common sense. "Gets-It" the guaranteed, non back-corn-remover, the only surew costs but a trifle at any drug store. Mr. E. Lawrence & Co., Chicago, mended as the world's best co remedy by Armstrong's Dr. Stores, J. A. Obermeyer & S. and Luby-Davis Drug Company. Adv.

You Can't Rub It Away; Rheumatism is in the Blood

Liniment Will Never Cure.

If you are afflicted with rheumatism, why waste time with liniments, lotions and other local applications that never did cure rheumatism and never will?

Do not try to rub the pain away, for will never succeed. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and there can be no pain.

You will never be rid of rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S. at your drug store, and get on the right treatment today. If you want special medical advice, you can obtain it free by addressing Medical Director, 23 Swift Laboratory, Atlanta, Ga.—Adv.

At Home and Overseas Keep your shoes neat and preserve the leather THE F. F. DALLEY CORPORATION, LIMITED, BUFFALO, N. Y.

SHOE POLISHES LIQUIDS and PASTES—For black, white, tan, dark brown, or ox-blood shoes.

Get Your Hudson Super-Six Now Delay May Make It Impossible Hudson production is not keeping pace with Hudson demand. It is quite probable that those who buy now will soon be offered premiums for their cars by those who will want Super-Sixes. Present conditions indicate as much. Motor cars are now required for more and more needs. Restricted railway facilities make their use more imperative than ever. The production of cars is diminishing. Good cars are in great demand. Prices on some have already been advanced for the second time within the past six months. Reduced production is responsible. Cars which have proved their reliability are in first demand. Their supply will be the first to give out. For two and a half years the Super-Six has led all other fine cars in the volume of sales. More than 50,000 users know its reliability. There is no doubt about the Super-Six except how long you will be able to get one. Prompt delivery can now be made of several of the ten different body types. R. T. Cassell No. 8 West Side Square
